INSTRUCTIONS

ANTIQUÉ LICENSE PLATES

Qualifications for Antique License Plates are as follows:

- (a) A passenger car, truck, or motorcycle in which the frame, body, and motor are 25 or more years old and is used exclusively for exhibition, club activities, parades, and other functions of public interest. The vehicle will in no case be used for regular transportation and will not carry any advertising.
- (b) Applicants that have license plates, which are the same year as the antique vehicle may use those plates in lieu of Antique License Plates issued by the county. If the application is mailed, the applicant **must** have the license plates examined at their local County Tax Office before submitting the application. The license plates must be Texas plates, the same year as the year model of the antique vehicle, be in good readable condition, and have the correct color scheme.
- (c) Out-of-state vehicles that have a registration receipt only, will be required to submit a completed Application For Assigned or Reassigned Number, Form VTR-68-A. Only the lower portion should be completed. Both forms must be submitted to the County Tax Assessor-Collector before the plate or tab (if using approved plates) will be issued.

If the applicant has not previously registered the vehicle in Texas within the last five years, proof of evidence of ownership, along with proof of insurance (or waiver from DPS), and fees must be submitted to the County Tax Assessor-Collector before the plate or tab may be issued.

If approved, the County Tax Assessor-Collector will issue the Antique license plate or tab (if using approved plates).

NOTE: If the vehicle described ceases to be the applicant's property or is junked, destroyed, or ceases to exist, the applicant may request a refund on the unexpired portion of the registration fee at their local County Tax Office.
